

# Sociology And Scientism: The American Quest For Objectivity, 1880-1940

## Sociology and Scientism

The American Quest for Objectivity, 1880—1940  
by Robert C. Bannister

"'Finally, someone's got it right!' Robert Bannister's *Sociology and Scientism* is the comprehensive treatment of the character of early American sociology that several works over the last couple of decades have tried to approximate, but failed."—*Sociological Analysis*

"Of the many books in the past two decades on the evolution and professionalization of the social sciences, *Sociology and Scientism* should eventually rank among the most illuminating and most interesting."  
—*Pennsylvania Magazine of History and Biography*

"A fascinating book about an episode in the history of American sociology and social thought."—*Science*

"A very enlightening, very readable account of why sociologists chose objectivism."—*American Historical Review*

Robert C. Bannister, professor of history at Swarthmore College, is author of *Ray Stannard Baker* and *Social Darwinism: Science and Myth*.
