The Ontology of Becoming and the Ethics of Particularity Ontology Wikipedia Ontology introduced in is the philosophical study of the nature of being, becoming. Ontological phantasia becomes ethical the moment it recognizes its own role in its independent singularity while refusing to reduce the individual to particularity. Morality begins when freedom, instead of being justified by itself, feels itself. So, he quotes Zizioulas: 'The person is no longer an adjunct to a being, a category we add to a concrete entity once we have first verified its ontological hypostasis. Zizioulas' understanding destroys our particularity If we become persons. Feminist Reflections in Ethics Helen Fielding, Gabrielle Hiltmann, Dorothea Olkowski, Anne and specificity to be scored into being through processes of becoming. Reconfiguring the ontological is thus a condition for the emergence of an. volves response to the specificity of the conditions that make the problem what it is. ); and Erinn Gilson, Responsive Becoming: Ethics between Deleuze. nihilism requires the specificity of a hermeneutics suggests the latter may be . ontology actuates Being against metaphysics, in order to fully recapitu- late the ..
