CEO Message

Nurture Craft develops and delivers thinking-based lessons. We have the privilege of working with world-renowned experts such as Professor Arthur Costa, Dr. Bena Kallick, founders of the Institute for the Habits of Mind, Professor Robert Swartz, Director of the National Center for Teaching Thinking, Dr. Bruce Spitzer, creator of the Multiple Intelligences Developmental Assessment Scales and Professor Tony Buzan, inventor of Mind Maps and Dr. Marilee Adams, author of Teaching that Changes Lives.

Nurture Craft's special skill is in the infusion of methodologies from different experts to create lessons that promote thinking and character values and value creation.

Nurture Craft's team of experienced teachers and researchers are dedicated to seeking the most effective way to bring out the best from students and instilling them with skills necessary for success at the workplace.

We are pleased to introduce these lessons and programmes in this catalogue to support you and your students.
